2. Rules to follow before & after the Show

1) Installation of Equipment and Exhibits

Any equipment or exhibits are not allowed to be hung and attached to existing installations such as ceiling and walls inside the exhibition site. Papering, painting and spraying, etc. on the walls also are strictly prohibited.

Inside the exhibitions site, use of electric or electric heating equipment is restricted as below. Exhibitors should use easy-to-remove flooring such as Pytex carpet. (Apply for **Move-In/Move-Out of Dangerous Material Sheet [Form4]** and get approval from organizer's office in advance)

Restricted Electric Equipment	Use of electric machine tools like compressors, electric saws, electric planes, electric grinders, etc is prohibited. High-risk exhibits such as boilers, furnaces and stoves should not be operated. (If unavoidable, restricted use may be allowed, subject to prior KES approval.)
Electric Heating Equipment	When using electric heating equipment, safety screens must be installed if the surface temperature exceeds 70. The heating equipment should not be installed on a wooden stand but on a fire-resistant stand at a height of more than 20cm above the floor. The walls adjacent to electric cooking equipment, irons, etc. should be protected with fireproof materials. Carpet should not be laid under exhibition stands where electric heating equipment is used.
Limitation on Gas Consumption	Junction of the gas piping should be done through the welding junction method. And, there should be a great amount of attention paid when in use so that the actual use of the gas equipment may not obstruct any traffic. Pipes should be laid in a way that they are strongly fixed to the floor and wall surfaces. Pipes should be equipped with the necessary protection devices and installed in a well-ventilated place. Gas equipment to be used or displayed are limited to those with certain types of approvals. Other detailed matters such as capacity levels and power consumption rates of each piece of equipment expected to be should be negotiated in advance and receives the approvals of KINTEX.

2) Restrictions on Inflammables and Explosives.

Inflammables and explosives are strictly prohibited to be brought in, that is to say, flammable or combustible liquids are prohibited inside of buildings, except as approved by KES. Flammable thinners, solvents and paints, including aerosol cans, are strictly prohibited within the building. Special permits are required by KES for the use or storage of flammable liquids, compressed gases or dangerous chemicals.

All hazardous materials brought into the facility must be accompanied by the applicable **Move-In/Move-Out of Dangerous Material Sheet [Form4]** and must be produced upon request. The exhibitor is responsible for the handling and removal of hazardous materials used in the operation of the show.

Regarding any incidents or accidents caused by these items, the exhibitor takes full responsibility whether approved or not.

3) Restrictions on Ultra heavy Exhibition Items

If an exhibition item brought into the indoor exhibition site has a load exceeding 5 tons/sqm, the exhibitor should fill the Application Form for **Carrying-In (Out) of Ultra heavy Exhibition Item [Form5]** and should submit it to the KES 2015 office for an approval before bringing the item actually into the center.

4) Obstruction of Aisles or Nearby Booths

Any Exhibit Items including banners are not allowed to be put in the aisle.

5) Fire Precaution

All stand construction and displays must be made from fire-proofed materials. Access to fire hydrants should be free for immediate emergency use. Exhibitors should not install any equipment where a fire hydrant is already located within a booth. Exhibitors and stand contractors have full responsibility for the management of the interior and exterior of their booths for fire safety.

Exhibitors must confirm the locations of fire hydrants, emergency exits, gas valves, electric power switches, etc. and make through checks for potential fire sources at closing time each day.

6) Disposal of Waste

Exhibitors and stand contractors should separate various kinds of wastes that occur during booth set-up and dismantling into recyclable wastes and industrial wastes, and dispose of industrial wastes properly by themselves.

If exhibitors or stand contractors fail to properly dispose of wastes, they will be liable for expenses incurred from a third party's collection.

7) Damage

Exhibitors and stand contractors should take care not to damage any facility in the exhibition site. If there is any damage, they will assume all cost of restoration to original condition.

8) Management Regulations

At the time of booth set-up and dismantling, exhibitors and stand contractors should strictly observe management regulations. KES may suspend exhibition-support activities and take booth closing action against violators, according to relevant regulations.

In such cases, exhibitors and stand contractors need to pay attention to the fact that they may not file any claim against KES for compensation of loser or damage incurred there from.

3. Rules to follow During the Show

1) Security Information

① Admission and Identification

Admission into the exhibition halls will be strictly controlled. All exhibitors, their representatives and visitors are required to wear their respective badges for admission into exhibition halls.

The exhibition site's entry and exit hours during the exhibition period will apply to all exhibitors as below in order to prevent theft and ensure the safety of exhibit items.

■ Preparation Period before Opening / Inspection Period after Closing

Exhibitors are permitted to enter the exhibition area an hour before opening time and remain not more than half an hour after closing time during the exhibition period.

Exhibitors are requested to be present at their stands at least 30 minutes before the exhibition opens each day.

The resident personnel of exhibitors should take all possible precautions in the management of exhibit items for the prevention of theft, not only during the exhibition hours (10 a.m. - 5 p.m.) but also during the 'Preparation Period before Opening' and the 'Inspection Period after Closing' as follows

Preparation Period before Opening	9 a.m. - 10 a.m.
Visitor's Exhibition-Viewing Hours	10 a.m. - 5 p.m.
Inspection Period after Closing	5 p.m. - 5:30 p.m.
Stand Personnel's Departure	5:30 p.m.

■ Exhibit Removal

If an exhibitor needs to remove exhibit items during the exhibition period, he should apply for **Exhibit Removal [Form7]** at the organizer's office and receive prior approval.

② Securing the halls

In order to protect the booths and exhibit items, the organizer's office conducts 24-hour-a-day security activities during the build-up period and the breakdown period. For entrance and exit of the exhibition site, all related personnel of exhibitors and stand contractors should prominently display gate passes issued by organizer respectively.

③ Managing the exhibit items.

The organizer will provide 24-hour security surveillance for the prevention of theft and damage of exhibit items and fire. However, exhibitors should take full precautions for the management of their exhibit items, since they have ultimate responsibility. Exhibitors are encouraged to insure high-value exhibits and equipment individually.

2) Overtime Work

An exhibitor, who needs to use the exhibition site unavoidably at a time other than specified above for the preparation of an exhibit item, including repair of stand and decoration during the show should apply for **Overtime Work [Form6]** at the organizer's office for approval. If the desired time is before 08:00 or after 21:00, the exhibitor should pay the prescribed overtime utilization fee.

3) Sound Control

The noise level from performance of video / acoustic equipment should not hinder business discussions at neighboring booths.

If an excessive acoustic sound level (Maximum 80~90dB measured at a distance of 1 meters) interferes with exhibition management, the organizer's office may take necessary steps, such as cut-off of electricity or closure of the booth, and the relevant exhibitor shall assume full responsibility for the loss incurred there from.

4) Promotion Limit in the passageways

Performances and events are prohibited in the passageways and aisles within the exhibition site. If the organizer's office judges that the stage of a performance or event may disturb business discussions at adjacent booths after reviewing the booth design drawings of respective exhibitors, it may not permit booth construction by the relevant exhibitor.

5) Prohibition of On-Site Sale

No sales activities are allowed within the exhibition site during the show except for the last day which is Oct. 17 .

The organizer's office may order dismantlement at a violator's booth even during the exhibition period, and shall not be held responsible for any loss there from.

6) Protection of Intellectual Property Rights

During the exhibition period, exhibitors should not display any product or service that may infringe upon intellectual property rights such as copyrights, trademarks, designs, patent rights, etc.

In the event that exhibited products or services at KES 2015 are found to violate intellectual property rights and such practices are reported to the Secretariat, the related exhibitor will be required to remove such items immediately.

7) Prohibition of Smoking

Smoking is strictly prohibited in the exhibition hall.

8) Flowers and Flowerpots Not Allowed

Flowers and large flowerpots that may disturb the exhibition proceedings or view may not be brought into the exhibition site.

9) Keeping the Package Boxes of Exhibition Items

Every piece of packing material such as package (carriage) boxes for the exhibition items are not allowed to be left in disarranged order.

They should be kept (piled) at a certain place designated by KES 2015 or they should be reused after a separate self-deposit.

III. Stands Installation

1. Space - Only Stands

1) Stand Set-up & Dismantling

Schedule		
Work Details	Period	Remarks
Submission of Design Drawings	By Sep. 25	Two (2) copies each of floor plan and front-view plan to be submitted with Stand Contractor Registration
Booth Set-up	Oct. 11 - 13	8 a.m. - 9 p.m.
Move-In and Display of Exhibit Items	Oct. 13	8 a.m. - 9 p.m.

Set-up & dismantling of the allocated booths will be made, in principle, individually by the exhibitors through the Stand Contractors registered with KES 2015 according to the submitted floor plans.

All the equipment should be fabricated in advance, and assembled/installed within the given period.

In the set-up and dismantling of the booths, the exhibitors and the Stand Contractors should observe all the guidelines stipulated in the "Exhibitor's Manual for KES 2015."

Prohibition of Booth Dismantling before Completion of Exhibition

Exhibitors should not dismantle booths or remove exhibit products before the official exhibition closing date and time (Oct. 17, 5 p.m.) without prior approval of the organizer's office.

2) Guidelines for choosing stand contractors

It is strongly suggested that you select KINTEX official stand contractors in order to avoid inconvenience that may occur due to the fact that you select no official stand contractors.

Stand Contractor Registration [Form3-1] along with booth plan and elevation plan must be submitted with a reasonable statement by Sep 25.

Regarding any incidents or inconvenience caused by no official stand contractors, the exhibitor takes full responsibility.

3) Design Drawings for Space Only

Exhibitors or Stand Contractors should submit two (2) copies each of floor plan and front-view drawings for space-only sites, together with **Stand Contractor Registration [Form3-1]** to the KEA Market & Exhibition Team by Sep. 25(Fri.) and should obtain prior approval.

When submitting stand design drawings, the exhibitors should notify the organizer's office of the location of their event stage. If the desired event stage is adjacent to neighboring booths and judged likely to hinder business discussions, booth installation may not be approved.

4) Stand Height

Maximum height for space-only stands will be restricted in accordance with booth location and scale. For efficient composition of the exhibition site, however, the organizer's Secretariat may designate the maximum heights at its discretion according to each case.

Booth Scale	Height	
	Center	Side
1 ~ 9 Booths	4m	5m
10 ~ 19 Booths	5m	6m
